

## E-data (public expenditure)

### Background

The unified web-portal of public expenditures is the official state digital resource, where information is published according to the Law 'On Open Use of Public Funds'.

Access to information published on the web-portal is free of charge. The portal covers information on all transactions of the State Treasury and on the use of state and local budgets. It can be accessed here:

<http://spending.gov.ua/>.

### Timeline

#### Law established portal of public expenditures

15.09.2015

The Parliament adopted the Law "On Open Use of Public Funds" introducing the online portal of public expenditures.

### Documents

#### VLAP

"Put in place procedures to ensure: the timely publication of all current asset declarations; effective verification of assets and conflicts of interest of public officials; full operability and accuracy of central electronic databases, including on asset declarations and beneficial ownership; and a unified web portal disclosing public expenditure." para 2.3.1.3
