

Request to Venice Commission to assess draft laws on anticorruption courts sent

23.06.2017

On June 23 the Speaker of the Parliament announced decision to request the Venice Commission opinions on the draft law #6011 on anticorruption court and on the draft law #6529 on anticorruption judicial specialization.

This step allows to postpone consideration of the draft law. The next session of the Venice Commission is scheduled for the beginning of October meaning that the opinion unlikely will be available earlier.

However, Rules of Procedure of the Parliament do not prevent the draft law on anticorruption court from being adopted in the first reading before opinion of the Venice Commission is received.

For more details please read the [comparative analysis](#) of the draft law #6011 on anticorruption court and on the draft law #6529 on anticorruption judicial specialization.
